### **DETAILED ACTION**

1. This application has been examined. Claims 1-24 are pending.

#### Claim Rejections - 35 USC § 102

2. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless -

- (b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.
- 3. Claim 13 is rejected under 35 U.S.C. 102(b) as being anticipated by McGregor. Note the fins 42, 44, a valve 14, and a valve seat 13.

## Allowable Subject Matter

4. Claims 1-12 and 18-24 are allowed. Claims 14-17 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

#### Conclusion

4. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
